Sir:

**TECH CENTER 1600/2900**

Replying to the Office Action mailed August 12, 2003, a second restriction requirement in this application, applicants again respectfully and provisionally elect Group I, now identified as claims 1-18, 20, 25 and 27, without prejudice and without traverse. Thus, applicants accept that the groups are patentably distinct from one another, i.e. each is *prima facie* nonobvious from the other.

Acknowledgement by the PTO of the receipt of applicants' papers filed under §119 is noted.

Applicants respectfully await the results of a first examination on the merits of the Group I claims.

Respectfully submitted,
